The Pappas Ranch Story...

Louis Pappas arrived from Greece in 1905 to find opportunity in America. He and his wife Flora eventually settled in Tarpon Springs where they opened the original Louis Pappas Riverside Café. With much of the surrounding area still quite rural, Louis acquired several acres of land where he enjoyed his true passion of farming. He raised livestock and chickens, grew fresh vegetables and cultivated his orange groves. He named his land Pappas Ranch where he and his family enjoyed many years of relaxation away from their demanding restaurant responsibilities. It was on the Pappas Ranch that Louis taught his children the importance of quality and freshness, providing farm fresh products from the ranch to their many loyal patrons. Avid hunters, the Pappas Family threw an annual Game Dinner where hundreds would gather to sample their game. Barbecue was a blaze on huge outdoor grills or smoked to perfection in homemade drums. The elaborate presentation of food and the camaraderie amongst old friends was an event to be celebrated year after year. It is with the same tradition we present this **PAPPAS RANCH**, where we hope you enjoy the warm atmosphere of our family's hospitality.
